COMPANY PROFILE

Administration Bad Ems

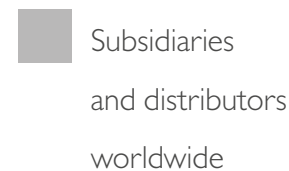

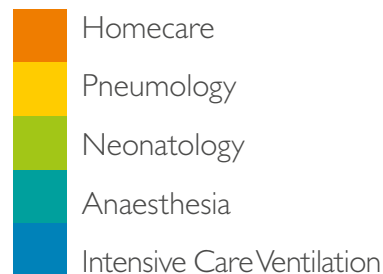

- Foundation of Heinen + Löwenstein in 1986 in Bad Ems.
- The company's roots lie in the area of neonatology.
- In the course of the nienties, in-house developments in the areas of anaesthesia and ventilation were added.
- Today, the company is one of the leading manufacturers in the areas of anaesthesia and ventilation.
- Heinen + Löwenstein is the only supplier worldwide with a complete product portfolio in the area of respiratory therapy from the home ventilation device up to the clinical intensive care units.
- With dedication, high commitment and high level of expertise, the company ensures the health and quality of life of patients.

COMPANY PROFILE

Löwenstein Group

- Under the umbrella of the Löwenstein Group, the companies Heinen + Löwenstein Lebenserhaltende Medizintechnik, Heinen + Löwenstein Medizinelektronik, Anamed, Löwenstein Medical and Löwenstein Medical Technology GmbH & Co.KG combine their decades of experience and expertise in the development, production, and distribution of life-sustaining medical technology.
- The company group is focused on the care of patients with sleep-related respiratory disorders and associated sleep diagnostics as well as the development and distribution of specialized medical devices for the areas of anaesthesia, neonatology and intensive care ventilation.

COMPANY PROFILE

Logistics center Neuhäusel
